

INSTRUCTIONS FOR BOOKLET SETUP

Use the same template dimensions to set up your pages for 8, 12, 16, 20, 24, etc. If you want to add more pages, just add in multiples of 4 as indicated above. Follow pattern indicated below when laying out your pages. Note the alternating criss cross pattern of the page numbers.

NOTE: Please start your artwork on a separate layer above or below this one. The template layer should remain locked.

Create a separate layer for your type. This enables you to create a copy that can be rasterized (if you are in Photoshop) or converted to an outline (if you are in Illustrator) so that all fonts in your project will remain intact.
